Claims 1-5, 7-9, 11-19, 21-26, 28-30, 32-40, 42-50, 52-60 and 62 are allowed over the prior art of record.

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 06/20/07 and 08/20/07 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

The following is an examiner's statement of reasons for allowance: The prior art of record fail to teach providing a latency probe resident on a server for determining a latency value for various servers within the network; wherein the service metric probe consults a configuration file containing each DNS name in an area associated with the service metric probe and any sets of services associated with each DNS name; wherein the sets of services include any of: HTTP, HTTPS, FTP, streaming media or generic SNMP; wherein the latency probe calculates a latency value from a location of the latency probe to a client's location; and wherein for a given DNS name, a DNS server uses updates to the latency values and updates to the service availability and metric measurement to determine a content delivery server to return. These limitations and other limitations of the independent claims were not suggested or disclosed by the prior art of record

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Frantz B. Jean whose telephone number is 571-272-3937. The examiner can normally be reached on 8:30-6:00 M-f.
